01 OVERVIEW

THE PROJECT

Libo empowers everyday athletes to train smarter — with a library of 502 exercises across gym, home, and mobility environments, 102 structured workouts, and 30-day challenge programs that scale your daily targets from Day 1 to Day 30.

Every screen was designed to remove friction. You know your goal. Libo knows the path.

02 DESIGN PROCESS

HOW WE BUILT IT

From raw exercise data to a polished, functional app — every phase had a clear purpose. We didn't start designing until the data architecture was solid.

1 WEEK

RESEARCH & DISCOVERY

Study users, goals, movement patterns. Map the full exercise library across environments.

2 WEEKS

INFORMATION ARCHITECTURE

Structure 502 exercises by environment and body focus. Design the content hierarchy.

4 WEEKS

UI DESIGN & PROTOTYPING

Build the full design system. Craft every screen state and interaction.

7 WEEKS

DEVELOPMENT & TESTING

Code, test, iterate. Get 102 workouts and 4 challenges actually working end-to-end.

03 RESEARCH

PROBLEM & SOLUTIONS

PROBLEM

Most fitness apps overwhelm beginners with unfiltered content. There is no way to say "I am at home today" and get a workout that actually fits. Progress tracking is vague. Challenges feel arbitrary.

SOLUTION

Libo structures all 502 exercises by environment and body focus. 30-day challenges scale your reps daily so the app always knows today's target. The AI Scanner gives 3 equipment-free alternatives to any exercise, instantly.

BARLOW

CONDENSED

A B C D E F G H I J K L M
N O P Q R S T U V W X Y Z
0 1 2 3 4 5 6 7 8 9

Barlow Condensed 900 for all display headlines. Inter 400–800 for body, UI, and data. The contrast creates energy and clarity simultaneously.

SEAMLESS USER FLOW

Three paths in. One coherent system. Every route through the app is direct and purposeful.

ICON DESIGN

Clear, minimal icons built for small screens. Every icon communicates function in under a second.

WIREFRAMES

Crafting User-Centric Wireframes for Seamless Experiences

"Train your **own way** —
the strength within you
is just beginning."

ONBOARDING

Three questions. Under 60 seconds. Goal, fitness level,
equipment. Then you are inside Libo with everything
personalised to you.

08 HOME SCREEN

CHECK OUT THE LATEST FROM LIBO.

Your daily training starts here. A goal-matched hero card surfaces today's recommended workout. One tap to start.

- Goal-matched daily recommendation

Filter by environment first. Then by muscle group. Search any of 502 exercises by name. Every result is actionable in one tap.

10 CHALLENGES

30 DAYS. REAL CHANGE.

Four 30-day programs. Each scales your daily targets — reps go up, sets get harder. The app always knows exactly what today's number is.

14 RECEPTION

BUILT FOR
REAL ATHLETES.

"The challenge tracker is exactly what I needed. Watching Day 9 become Day 10 — knowing the reps go up — makes you actually show up."

MARCOS T. — SÃO PAULO

"Having 502 exercises filtered by gym vs home completely changed how I plan travel workouts. I never arrive somewhere without a session ready."

SARAH K. — LONDON

"The morning routines are genuinely 5 to 7 minutes. I actually do them before work. That is the first fitness habit that has ever stuck for me."

DAVID R. — TORONTO

"Motivation, knowledge, and consistency — the three pillars of powerful training for every athlete. **Libo is built around all three.**"
